

do_simtemp_params

```
graph LR; A[do_simtemp_params] --> B[GetSimTemps]; B --> C[gmx_fatal];
```

A flowchart illustrating a sequence of three steps. The first step, 'do_simtemp_params', is highlighted with a gray background. An arrow points from this step to the second step, 'GetSimTemps', which has a white background. Another arrow points from 'GetSimTemps' to the final step, 'gmx_fatal', also with a white background. All steps are enclosed in rectangular boxes with black borders.

GetSimTemps

gmx_fatal
