

gmx\_ana\_displ\_store\_all

```
graph LR; A[gmx_ana_displ_store_all] --> B[gmx_ana_displ_store]
```

A diagram showing a pointer relationship. On the left, a gray rectangular box contains the text 'gmx\_ana\_displ\_store\_all'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'gmx\_ana\_displ\_store'. Both boxes have a black border.
