

gmx\_mm256\_printymm\_ps

```
graph LR; A[gmx_mm256_printymm_ps] --> B[f]
```

A diagram showing a function call. On the left, a gray rectangular box contains the text 'gmx\_mm256\_printymm\_ps'. A dark blue arrow points from the right side of this box to a white square box on the right, which contains the letter 'f'.
