

src/gmxlib/gmx\_lapack/slarnv.c

```
graph TD; A[src/gmxlib/gmx_lapack/slarnv.c] --> B[math.h]; A --> C[gmx_lapack.h];
```

The diagram illustrates the dependencies of the file `src/gmxlib/gmx_lapack/slarnv.c`. It is represented as a root node in a gray box at the top. Two blue arrows point downwards from this root node to two child nodes, `math.h` and `gmx_lapack.h`, which are shown in white boxes with gray borders.

math.h

gmx\_lapack.h
