

include/gmx_cpuid.h

```
graph TD; A[include/gmx_cpuid.h] --> B[stdio.h]; A --> C[visibility.h];
```

The diagram illustrates a header file dependency. At the top, a gray rectangular box contains the text 'include/gmx_cpuid.h'. Two blue arrows originate from the bottom edge of this box. The left arrow points to a white rectangular box labeled 'stdio.h'. The right arrow points to another white rectangular box labeled 'visibility.h'. This visualizes the concept that the 'include/gmx_cpuid.h' header file includes both 'stdio.h' and 'visibility.h'.
