

gmx\_sparsematrix\_init

```
graph RL; do_nm[do_nm] --> gmx_sparsematrix_init[gmx_sparsematrix_init];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The box on the left is shaded gray and contains the text 'gmx\_sparsematrix\_init'. The box on the right is white and contains the text 'do\_nm'. A dark blue arrow points from the right side of the 'do\_nm' box to the left side of the 'gmx\_sparsematrix\_init' box.

do\_nm
