

xvgr_view

```
graph LR; A[xvgr_view] --> B[output_env_get_print_xvgr_codes]
```

A diagram showing a call from a box labeled 'xvgr_view' to a box labeled 'output_env_get_print_xvgr_codes'. The 'xvgr_view' box is shaded gray, while the 'output_env_get_print_xvgr_codes' box is white. A dark blue arrow points from the right side of the 'xvgr_view' box to the left side of the 'output_env_get_print_xvgr_codes' box.
