

get_firstlast_atom_per_slab

```
graph LR; A[get_firstlast_atom_per_slab] --> B[calc_beta]; B --> C[iprod];
```

A flowchart illustrating a sequence of three steps. The first step, 'get_firstlast_atom_per_slab', is highlighted with a gray background. It is connected by a dark blue arrow to the second step, 'calc_beta', which has a white background. This second step is then connected by another dark blue arrow to the third step, 'iprod', also with a white background. All steps are enclosed in black rectangular boxes.
