

src/gmxlib/trajana/displacement.c

```
graph TD; A[src/gmxlib/trajana/displacement.c] --> B[math.h]; A --> C[pbc.h]; A --> D[smalloc.h]; A --> E[vec.h]; A --> F[displacement.h]; A --> G[position.h];
```

A diagram illustrating the dependencies of the file `src/gmxlib/trajana/displacement.c`. The central node is a gray box labeled `src/gmxlib/trajana/displacement.c`. Six blue arrows point from this central node to six white boxes below it, representing the header files it includes: `math.h`, `pbc.h`, `smalloc.h`, `vec.h`, `displacement.h`, and `position.h`.

math.h

pbc.h

smalloc.h

vec.h

displacement.h

position.h
