

gmx_histogram_set_integerbins

```
graph RL; A[gmx_histogram_create_range] --> C[gmx_histogram_set_integerbins]; B[gmx_histogram_resample_dblbw] --> C;
```

A diagram illustrating a dependency or relationship between three functions. On the left is a gray rectangular box containing the text 'gmx_histogram_set_integerbins'. To its right are two white rectangular boxes. The top white box contains 'gmx_histogram_create_range' and the bottom white box contains 'gmx_histogram_resample_dblbw'. Two blue arrows point from the right side of each white box towards the right side of the gray box, indicating that both functions on the right are related to or point to the function in the gray box.
