

gmx\_ana\_poscalc\_coll\_print\_tree

```
graph LR; A[gmx_ana_poscalc_coll_print_tree] --> B[index_type_for_poscalc]
```

A diagram showing a function call. On the left, a gray rectangular box contains the text 'gmx\_ana\_poscalc\_coll\_print\_tree'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'index\_type\_for\_poscalc'.
