

set\_deform\_reference\_box

```
graph LR; A[set_deform_reference_box] --> B[copy_mat]; B --> C[copy_rvec];
```

The diagram illustrates a three-step process flow. It begins with a gray rectangular box labeled 'set\_deform\_reference\_box'. A dark blue arrow points from this box to a white rectangular box labeled 'copy\_mat'. Another dark blue arrow points from 'copy\_mat' to a final white rectangular box labeled 'copy\_rvec'. All boxes have a black border, and the flow is linear and horizontal.
