

src/kernel/membed.h

```
graph TD; A[src/kernel/membed.h] --> B[typedefs.h]; A --> C[types/membedt.h];
```

The diagram illustrates a header file dependency. At the top, a box labeled 'src/kernel/membed.h' has two blue arrows pointing downwards to two separate boxes. The left box is labeled 'typedefs.h' and the right box is labeled 'types/membedt.h'. This indicates that 'src/kernel/membed.h' includes both 'typedefs.h' and 'types/membedt.h'.
