

share/template/gromacs/thread\_mpi/numa\_malloc.h

```
graph BT; A[share/template/gromacs/thread_mpi.h] --> C[share/template/gromacs/thread_mpi/numa_malloc.h]; B[share/template/gromacs/tmpi.h] --> C;
```

The diagram illustrates a file dependency or inheritance structure. At the top is a grey rectangular box containing the file path 'share/template/gromacs/thread\_mpi/numa\_malloc.h'. Below this box are two white rectangular boxes. The box on the left contains 'share/template/gromacs/thread\_mpi.h' and the box on the right contains 'share/template/gromacs/tmpi.h'. Two blue arrows point from the top-right corner of the left box and the top-left corner of the right box towards the bottom edge of the top grey box, indicating that both files below inherit from or depend on the file in the top box.
