

src/kernel/ionize.h

```
graph TD; A[src/kernel/ionize.h] --> B[stdio.h]; A --> C[typedefs.h];
```

The diagram illustrates a header file dependency. At the top, a gray rectangular box contains the text 'src/kernel/ionize.h'. Two blue arrows originate from the bottom edge of this box. The left arrow points diagonally down and to the left to a white rectangular box containing 'stdio.h'. The right arrow points diagonally down and to the right to another white rectangular box containing 'typedefs.h'. All boxes have a thin black border.
