

get_einp

```
graph LR; A[get_einp] --> B[search_einp]; B --> C[gmx_strcasecmp_min];
```

A flowchart illustrating a sequence of three functions. The first function, 'get_einp', is highlighted with a gray background. It points to the second function, 'search_einp', which is a white box. The second function points to the third function, 'gmx_strcasecmp_min', which is also a white box. All boxes have a black border and are connected by dark blue arrows pointing to the right.
