

gmx_ana_nbsearch_pos_mindist

```
graph LR; A[gmx_ana_nbsearch_pos_mindist] --> B[gmx_ana_nbsearch_mindist]
```

A diagram showing a mapping from a source variable to a target variable. The source variable, 'gmx_ana_nbsearch_pos_mindist', is enclosed in a gray rectangular box on the left. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The target variable, 'gmx_ana_nbsearch_mindist', is enclosed in this white box. Both boxes have a thin black border.
